

About Us

"Her knowledge and insight was evident from the various techniques and visual aids she used. I would recommend Jennifer and Stepping Stones Child and Family Services to anyone who is looking for a consultant to offer suggestions and support in the classroom."

- Early Childhood Assistant

Founded by special needs expert Jennifer Di Pietro Stepping Stones Child & Family Services offers services and support to families, child care centres and recreational programs across the GTA.

It is our strong belief that EVERY child deserves a chance to learn, grow and interact. Like the parents of our clients, we feel very strongly that all children – no matter what their needs or challenges – deserve to be included in the classroom, in the community, and in society.

“Building Trust, Building Skills, Building Families.”

Program Consultation

We work with you to create a service plan tailored to your needs, providing you with practical solutions. We support multiple programs including as preschools, schools, parks and recreational programs, and camps.

Accessibility Assessment

Is your program or building accessible to all? What needs to be changed to ensure accessibility? Let us preform an assessment and provide recommendations to ensure your program is accessible to all.

Workshops

Our practical, highly informative workshops provides the hands-on training needed to support every child in your program.

- The Importance of Inclusion
- Behavior Modification
- PECS & The Importance Of Visuals

***Any Topic, Any Time,
Any Where***

Stepping Stones workshops are customized to the specific needs of your program. Workshops can include any or all of the above topics. We are willing to include any topic that will assist in your day-to-day interactions with both children and parents, make learning and communication a positive experience for everyone involved.

Referral/Individual Consultation

Do you have a child in your program that would benefit from our in-home services? Do you need support on how to work with a child in your program? Does the family need extra support to receive funding for their child’s special need? We can help!

It is important to note that parental consent is required to make a referral. Please contact us and we will send you are referral package. Simply fill it out and fax it to 905-591-2625.
